

December Teacher's Report
12-20-2022

1. Upper Elem working on Winter stories, Biome food chain project, A history research paper on a historical event or person, winter art projects, learning to play cornets.
2. Lower Elem working on reading fluency and continuing phonics skills. Both first and second grade levels are a year ahead in math, second grader is doing 3rd grade reading, all are working on Christmas projects to decorate the school for the program.
3. Star Lab is upstairs for all of us to enjoy.
4. Kids working hard for their Christmas program. Props and costumes getting arranged or made. Rehearsals are going well, even with sickness and attendance issues.
5. Speech Therapy scheduled for students in need.
6. All grades were given problem solving tasks to perform as groups in their fun, but challenging, holiday packets.
7. Christmas Program a success.
8. Benchmark testing coming up in January.
9. Last day before break: It was pajama day for them. The kids helped with the take down of the decor and then they watched a movie and played some fun games. :-)
