

Teacher Report
5-17-2023

1. M-Step testing completed and looks good.
2. All Students have been busy engineering marble run challenges for Science in force and motion, kinetic and potential energy, gravity runs, and simple machines. There are three challenges for all the students to do. As they finish one, they move onto the next challenge.
3. K-2 learning about strategies as to how to handle their big emotions.
4. K-2 assessments coming up next week.
5. 6-7 final exams next week.
6. 6-7 finished their dulcimer building last week with Mr. Johanson. They were told they could bring them home. Picture posted on the fb page.
7. Kids performed their Earth Day road clean up this May 11. It was a hot one, but the Ice Pops at the end helped. :-)
8. Mother's Day presents completed for the big day.
9. Hoping to get spring pictures of kids done during their field trips, like last year.
10. Planning SEL program (Social Emotional Learning) in June for this fall for the K-3 students, and adding in coping skills for older students.
11. Hoping to get a Personal Finance Program for Upper middle school students.
12. Hoping to get the Michigan approved Wonder Years Puberty Program for 4th-8th grade.
13. SAT meeting May 18 for 2nd grader to get more support.
14. Field trips for the kids planned for the last few weeks of school. Marquette Children's Museum, Arvon School, Grant School, Misery Bay trails, Wyandotte Falls exploration, and a few other ones.
